EDUCATION

- B.Tech (IT)** DIT University, Dehradun (71%)
2013 - 2017
- Intermediate (CBSE)** Cambridge School, Indirapuram
2012 - 2013
- High School (CBSE)** Cambridge School, Indirapuram
2010 - 2011

EXPERIENCE

- Software Development Engineer @ iZooto** Jan 2017 - Present
Working with the product team for developing new features and optimizing ongoing processes. Responsible for various dashboard features, restful APIs, Shopify and WordPress plugin. Development of features like 'enable and forget Campaigns' to target different parts of a conversion funnel and hygiene checks such as statistics by user timezone.
- Intern Web Developer @ Edu4sure** May 2016 - July 2016
Coordinated with the product development team. Responsible for strategizing the product development, designing UI, integrating social OAuth APIs and implementing various development strategies.

PROJECTS

- Student Assistant Portal**
A portal where students and teachers can share media files, have discussions, create file requests and have their attendance records.
- Android Quiz Application**
Leveraged knowledge of Android to develop a Quiz application in which questions can be added with their possible options. Then one can take the quiz and can be assessed based on their performance.
- Text Steganography Tool**
Leveraged the knowledge of core java to develop a symmetrical text steganography tool. The tool accepts text file as an input, accepts a password for the same and outputs a nonreadable text file which can be converted back to its original form using the same password.
