- Experience in Adobe Illustrator cc 2018 where I worked on designing different logos.

SKILL SET

- **Operating Systems** : Microsoft Windows Family
- **Programming Languages** : C, C++, Java, PHP
- **Microsoft Technologies** : Microsoft Access 2007
- **Software Package** : WAMP Server, MySQL Server, Wordpress
- **Web Technologies** : HTML, CSS, Java Script, JQuery, AngularJs, Data Structures

PROJECT HIGHLIGHT

- **Title: Creating Prototype of Company Website**
 - **Team size** : 1
 - **Duration** : 2 Month
 - **Environment** : WAMP
- Here, as a part of “Learning while Working” culture I presented many prototypes for the company website while learning different front end design languages, client-server interactions, back-end technologies.

- **Title: Creating the prototype of the client product interface**
 - **Team size** : 1
 - **Duration** : 1 Month
 - **Environment** : WAMP
- Here, I got to know about the products of the company and how they are going to interact with the clients.
- Post that, I presented different prototypes for the product development interfaces from front end to back end.

- **Title: Graphics Designing**
 - **Team size** : 1
 - **Duration** : 1 Month
 - **Environment** : Adobe Illustrator Cc 2018
- Here, as a part of the Graphics team I learnt how to design different logos for the company and presented some logos as prototypes.

- **Title: Creating Product interfaces**
 - **Team size** : 3
 - **Duration** : 9 Months
 - **Environment** : WAMP Server, Java
- The process is to create the product client interfaces and the product execution prototypes.
- Here, I along with my team designed, developed and tested different prototypes successfully. We developed many surveys as per the company requirement which were highly appreciated by the Directors.
- We tested them successfully against different environments.
- Product data management was nicely done with the help of Ms Access.

- **Title : Website Development and Maintenance**
 - **Languages** : PHP, MySQL
 - **Skills and environment** : Microsoft Azure Cloud Environment, Wordpress
 - **Web designing tools** : HTML, CSS, JavaScript, Angular Js, JQuery
 - **Team Size** : 3
 - **Duration** : March Till date

- Worked extensively in Design and Development of the company Website.
- Worked with Microsoft Azure cloud and wordpress designing environment.
- **Title : Performance Analysis of TDM-PON and WDM-PON**
 - **Software Package : Optisystem 14.0**
 - **Team Size : 6**
 - **Duration : 1Year(In 4th year of B.Tech)**
- Here, we designed two Passive Optical Networks (PON) using TDM(Time Division Multiplexing) and WDM(Width Division Multiplexing) technique for transmission of various datas. We had analysed the performance of both based on their bit error rate and quality factor. Here, we designed two Passive Optical Network(PON) using Time Division Multiplexing (TDM) and Wavelength Division Multiplexing (WDM) technique for transmission of data and analyzed their performance.

ACADEMIC CREDENTIALS

Secondary School Learning Certificate with 87% in 2011 from BSE, Odisha

Higher Secondary Certification with 73.16% in 2013 from CHSE, Odisha

Bachelor of Technology with 8.48 CGPA in 2017 from BPUT, Odisha

PERSONAL DETAILS

Date of Birth : 01st June 1996
Father's Name : Mr. Basanta Kumar Mahanta
Languages Proficiency : English, Hindi & Odia
Gender : Female
Passport No. : N9027688
