## About Me

From the day I produced “Hello World” in the console of my first application, I knew I was hooked into the world of software development. Software development has never been just a job for me, it’s offered an engaging challenge to continually learn and improve my skills. Writing code gets more exciting as years go by.

## Experience

**Web development Internship at Handysolver (3rd March - 1<sup>st</sup> May)**

During My internship period at Handysolver, I worked on project from start to finish which is live here: <https://www.helpandserve.in>.

## Portfolio

I have created few projects to show on my portfolio. Some of these projects are:

**Elpis Web App(<http://elpis.herokuapp.com>)**

Elpis is social networking app made with Laravel where users can post status with images, like and comment status of other peoples and chatting. Web-sockets are used so that users can receive messages in real time.

## Laravel Blog App(<http://saytoworld.herokuapp.com>)

It is a simple blog app made with Laravel where users can create blogs and add comments to the blog post.

## Education

**High School:** Saraswati Public School (82%)

**Intermediate:** Arpan Public School (66.6%)

**B. Tech(Computer Science):** Roorkee Engineering & Management Technology Institute (65%)

## Skills

- HTML, CSS and JavaScript
- PHP
- Laravel

## Other Interests

- Gadgets and technology
- PC building
