About

With a year of experience in NodeJs, ExpressJs and MongoDb, I am passionate about building my career in Software Development. I am punctual and dedicated towards learning and improvising my skills.

Professional Experience

Eigen Technologies   **New Delhi**
Software Developer   *Feburary 2019-present*
- Working on ExpressJs framework of NodeJs alongwith MongoDB for server based services

Academics

Jaypee University of Engineering and Technology, Guna   **2015-2019**
B.Tech. in Computer Science   *C.G.P.A.:6.0*
Campus School, Pantnagar   **2014-2015**
Intermediate (C.B.S.E.)   *64.6%*
Campus School, Pantnagar   **2012-2013**
High School (C.B.S.E.)   *C.G.P.A. 8.8*

Projects

SENSEnuts IoT Platform (Ongoing)
- Worked on the backend of the Partner and User Platform of the Sensenuts alongwith the team.
- Used Keystone and Express frameworks on the Partner and User Platforms respectively.

Complaint Management System
- Created a system in which different companies working on smart automation can register their products or APIs to access their devices.
- On the basis of these devices an end user can create complaints and interact with the official of the company easily and efficiently.

Employee Management System
- Created a system to register employees and manage them. Various features include:- employee attendance, leaves and work from home requests.
- Employees can apply for leaves, work from home and mark their attendance using this system.

Achievements

- Joint Secretary Debating Club at Jaypee Youth Club (J.U.E.T.)
- Event Manager at TeDx J.U.E.T., January 2018
